Healthy Marin Partnership

[HOME](#) [ABOUT ▾](#) [HEALTH ASSESSMENTS](#) [INITIATIVES ▾](#) [COMMUNITY BENEFITS](#)

Healthy Marin Partnership (HMP) was formed in 1995 in response to a mandate requiring all not-for-profit hospitals to complete an assessment of our community every three years. In Marin, all of the hospitals joined together along with the United Way and Marin County Health and Human Services to do one assessment. We were soon joined by the Marin County Office of Education, the Marin Community Foundation, and members of the business community.

This partnership has extended beyond the original requirement and, together, has learned how to build a healthier community. The strength of the collaboration and the intentional efforts to promote health and health equity positioned HMP as a convener of local communities, organizations, agencies, and policy makers to explore strategies that can enable *everyone in Marin to live an even healthier life.*

- HMP launched Play Fair Marin in partnership with the Marin County Fair in 2004
- Marin County Cultural Services is now the backbone organization
- HMP responsible for Play Fair fundraising (2018 Play Fair sponsors)
 - First 5 Marin
 - Kaiser Permanente
 - Marin Community Foundation
 - Marin County Cultural Services
 - Marin County Office of Education
 - Marin General Hospital
 - Marin Health and Human Services
 - Marin County Board of Supervisors
 - Novato Community Hospital
- Marin HHS liaison role
 - Support the Play Fair Coordinator (under Cultural Services) as needed for implementation of initiatives
 - Marin Healthy Eating Active Living (HEAL) collaborative implementation of the Kids Fun Run
